Day 1

Tomorrow
9:00-16:00

Ávila

1 **Eastern Leonese Royal Drovers' Road**

The route begins in Brieva, once a transhumant livestock path via the Cordel de las Merinas, a historical, cultural, and environmental corridor that connects different ecosystems.

0.50 Horas

Ávila

2 **Livestock Landscape**

Extensive livestock farming, especially cattle, has shaped the landscape for centuries with low-impact systems that use natural resources sustainably

0.33 Horas

Ávila

3 **Caserío de las Encinas Farmstead**

We are now in the surroundings of the Caserío de las Encinas, a group of rural buildings that reflects the traditional way of life linked to agriculture and livestock

0.50 Horas

Ávila

4 **Holm Oak Woodland Landscape**

In this section, we cross a denser and better-preserved holm oak forest, a true refuge of biodiversity and a living example of the Mediterranean ecosystem in its most mature state

1.00 Horas

Ávila

5 **Old Railway Halt and Dehesa of Pedrosillo**

The old railway halt, a vestige of a network once key for transporting goods and people, reminds us of the importance of the railway in rural areas

0.33 Horas
